ex.-Sgt. Leonard Matlovich
"BE PROUD OF WHO AND WHAT YOU ARE"

On Friday, March 26, ex-Sgt. Leonard Matlovich gave a talk concerning "The Gay Drive for Acceptance."

"Be proud of who and what you are, stand up for your ideals," was the theme of Mat's talk. To refresh your memory, Mat was discharged from the air force on the grounds of homosexuality. Some say he shouldn't have revealed his tendencies until his retirement, which was only eight years away. But he just couldn't stand it — he was telling his students to stand up for what they feel, but he wasn't doing it himself. Therefore, he informed his superior of his lifestyle; and discharge commenced.

Mat doesn't condemn the system, but he owes everything he is and will hope to be, to the U.S. Air Force. However, you can receive a medal for killing two men and a dishonorable discharge for loving one. He and his lawyer, plus those who are for his cause, know no such word as defeat. Mat believes he has to live his life for himself, not what others want or think it should be. He also stressed that the gay movement will not be a success without a "straight" face.

The Declaration of Independence was written for all those who set foot on U.S. soil — equality for all, this is Mat's bible, and it should be the bible and basis for everyone's existence, ideals, and thoughts!

A spring Day
Just trickled down from
two blue cheeks
of sky (swollen with sun)
and flooded the earth
in bright pools
of sunbeams across
the earth.

It melted there
into softened plots
of green unfolded mystery

and covering the bare earth,
and warming chilled roots,
of near-burst apple buds,
it basked
in the glory of
pure silk child's hair.

My mind is filled to the brim with memories.
I've spent some pretty good years.
I've made some friends I'll never forget.
And you know, when I look back,
I wonder why sometimes I was in such a hurry to leave it all behind.

There are so many directions
I can take from here.
The possibilities are exciting...

I have always felt that the moment when first you wake up in the morning is the most wonderful of the 24 hours. No matter how weary or dreary you may feel, you possess the certainty that, during the day that lies before you, absolutely anything may happen. And the fact that it practically always doesn’t, matters not one jot. The possibility is always there.

The RIC baseball team has completed an excellent season breaking many of the team’s previous records. They finished their season with a 24-9 record which tops their ’75 record. Encouraged by Co-captains Forster LeBer and Gary DiScullio, The Anchormen won the NESCAC title for the second year in a row. The team continued on with a bid into the ECAC College Division Tournament. They finished second after losing to Bates College. The fine playing of Tim Mercer, John Almon, Paul Shaughnessy, Dave Flanagan and Tom Grzych contributed to the team’s excellent season. Coach Stenhouse has every right to be proud of his ’76 Anchormen.

The Anchormen finished second in the NESCAC Tournament which RIC hosted. Capt. Dave Allen won the NESCAC singles championship and made the NESCAC All-Star team along with Mark Heddon and Paul Fitzpatrick. Allen and Fitzpatrick finished second in A Division doubles in the NESCAC tourney. Congratulations to Coach George Fleming for his team's fine season.

In Memoriam
THEODORE LEMESHKA
(1917-1976)

“To live in hearts we leave behind,
Is not to die.”
Campbell

We, of the Class of 1976 at Rhode Island College, wish to honor the memory of Theodore Lemeshka, who passed away in January of this year.

Mr. Lemeshka was a well-loved professor of biology who was dedicated to his students. He had served Rhode Island College for twenty years prior to his passing, and he was held in high esteem by both faculty and students alike. In 1956 he initiated microbiology with one small class of students; at the time of his death, he was teaching well over 300 students per year in microbiology in a new building with modern, up-to-date laboratory facilities. Mr. Lemeshka was a man of enormous drive who not only confined his energies to the college life but to community leadership as well.

It was a privilege to know Mr. Lemeshka, and he will always live in our minds and hearts. He was a teacher who was truly concerned for his students and the world around him.
DEDICATION

1854

The Class of 1976 at Rhode Island College wishes to dedicate their Bicentennial edition of the class yearbook, EXODUS, to the people of the State of Rhode Island. During the two-hundredth anniversary of our country, it is fitting to give thanks to those citizens who have been instrumental in the education of our country's youth.

Since its inception in 1854, Rhode Island College has educated many men and women and has grown from a single-purpose institution to one that is educating people for the many careers of today's world. During the years between 1972 and 1976, the present graduating class has witnessed the construction of the full-equipped Fogarty Life Science Building, a new dining facility, and the implementation of several new curriculums of study. Voters also approved an extension to Adams Library which is currently under construction.

Rhode Island College would not be possible without the support of the people of Rhode Island. They have shown us that they are sincerely interested in the higher education of both young and old. The Class of 1976 thanks all Rhode Islanders for the aid and encouragement which they have demonstrated in the cause of education for 122 years.
THANKS

To all those faculty members at Rhode Island College who dedicate themselves to the goal of education and who are aware of student needs.

Also, special thanks to: John Levis — Taylor Publishing Company, Gerson Sirot — Delma Studios, Marcel Desrosiers and The Anchor Staff, Kathy Gardiner, Sue Amato, Carol Velletri, Gloria Anderson, Denise Morretti, and Karen McHugh with the members of the Senior Staff: Carol DiRobbio, David Andreoni, Thomas O’Rourke, Mary Beth Coleman, and Linda MacMillan.

Thanks to Dean McCool, advisor, and Ann Marie, Gen Bellucci and Brian Taft — Student Parliament, Dave Dowell, Tom Burke, Ezra Schneider and Alan Hochman — photographers, Gordon Rowley at the News Bureau, and to Tyrone for posing for his cat picture.

Thanks to Mr. Kelley in the Bursar’s office and his staff and also the Accounting office. Finally to Professor Larry Sykes who taught me all there is to know about the camera. To these people, the 1976 Exodus congratulates on a job well done.
PICTURE CREDITS

The Exodus Staff would like to thank the various photographers who have contributed in making the 1976 Exodus a success and also the various other contributors:

— THANK YOU —

As the Bicentennial year quickly approaches, it gives me great pleasure to present to the R.I.C. community the Bicentennial Edition of the 1976 Exodus. This year's theme is quite evident to those of you who have already browsed through the pages and I'm sure the combination of student activities and campus life combined with the Bicentennial theme helps to make this year's Exodus a successful story, both of student progress as well as summing up our nation's 200 years of progress.

As Editor of the Yearbook, I found the job as being somewhat time consuming, yet quite rewarding. My encounter with various people made my job both easy and hard at the same time and these encounters are something that I WILL NEVER FORGET!

The degree of participation from students and faculty outside of the Yearbook staff is something which must be commended because they made my job, as well as the rest of the staff’s much more easy. This type of interaction between faculty, students, and the Yearbook staff is important in publishing something which the graduating senior can always look back upon and it symbolizes the ability of man to work with fellow man, something which has shaped this nation in reaching its 200th birthday.

For those people who feel they have been left out of the Yearbook due to time factors or space factors, accept my apologies because only so much can be accomplished in so short a time.

Overall, I feel we have accomplished what we had set out to do when I took the responsibility of this Edition of the Exodus, this being to portray students, faculty, and staff as they really are. There is nothing false about the people in the 1976 Exodus, neither do we attack anyone, we simply, "TELL IT LIKE IT IS!"

The dedication of faculty and students along with their involvement is something a camera cannot capture, these are inner things. The camera only captures our outer character.

My personal dedication is to those people who have made the Yearbook a success. The reality of the 1976 Exodus is as real as the Bicentennial itself.

And so in closing I would like to salute the people who have made a dream a reality.

To the R.I.C. Community and the Nation on her 200th birthday, Congratulations!

Good Luck to the class of 1976, and until next year, Enjoy!
